The Bitch at Work

Getting in touch with your Inner Bitch is important in that most challenging area for women-the workplace. This rowdy new guide is essential whether you're just starting out, climbing the ladder of success or opting out of the rat race to be an entrepreneur. Learn how to handle everything your colleagues, customers, clients or employers can throw at you:--The true definition of success, on your own terms.--Does demanding excellence make you a bitch? I don't think so.--If you're climbing the ladder, make sure it's leaning against the right wall.--Conflict resolution isn't for sissies.--What to do if you're clearly in the wrong.--Is it tr

What others say about this ebook:

Review 1:

Loved this book! I laughed out loud. I plan on purchasing it for co-workers at Christmas.

Review 2:

A co-worker shares the title of this book after I finished complaining about something I was unhappy about at work. We were too nice and people who worked with us knew it! By learning to say "I'll think about it" she said she learned not to say yes to everything that came my way asking if I could do this, or that, tell so and this message when I see him/her as if my own work was so light that I would be sitting down fiddling my finger doing nothing!! But since they came around oh god bless them now I have found something to occupy my time with. Umm no! I will recommend to someone like myself. Pretty much liked it all but it did seem author was telling a lot of other people's stories.
