Love Me Back

Growing up in small-town Belcrest, Maddy Jennings always thought she was destined to be with her childhood sweetheart, Trent Basso. Throughout the complicated road she has traveled with Trent, someone else has had a strong presence in Maddy's life. Trent's older brother Gabe has always been someone she could count on, therefore neither of them can be blamed when lines blur from friendship to something more. However, promises made between brothers threaten to ensure that neither of them will have a permanent place in her life. When Maddy returns to her hometown for her brother's wedding, she is forced to face both Trent and Gabe for the first time in two years. While the two

What others say about this ebook:

Review 1:

A romance novel that has some uncertainty but the end result is worth reading this book.

Review 2:

Oh the angst! The character's and mine! I liked the going back and forth between past and present at first, it slowly dropped in more details about her and how they got to that point, but it got annoying towards the middle and end. It seemed to abruptly switch to the past like a cliffhanger. Maybe it was meant to make you want more but it made me want to skip past parts to get on with the current storyline (I didn't). Overall I really enjoyed the read and characters.

Review 3:

Every time before I start a book I read the reviews. 75% of the time I end up agreeing with the reviews after I have finished the book but many times I experienced the complete opposite. I am now very unsure and dubious about reviews and feel that sometimes it would be better to just start reading a novel and see how I feel about it.....I can generally tell after a few chapters whether or not this book will grab me.

I was in the outback in Australia when I came across this book on my Kindle so I couldn't check the reviews. (NO INTERNET).....and I'm very glad I couldn't.

I couldn't stop thinking about the characters when I had to put the book down which tells me that I was invested in the story. Of course I was frustrated with both Trent and Maddy, him because he was so selfish and greedy and her because it took her sooooo long to admit who her heart truly belonged to. As for Gabehe has my vote for saint of the year. I was very happy about the ending and will try another book from this author
FOR SURE.

Review 4:

I fell in love with the book the more I read it!!! Simply fabulous!!! I would probably be stuck between the two also ;)

Review 5:

This is the 1st book in this series and it's starting out great. Looking forward to reading more about these college kids
