Face to Face with Katrina Survivors: A First Responder's Tribute

In personal terms, the book reveals to America what decades of greed and neglect, culminating with Hurricane Katrina, inflicted upon the impoverished people of the Gulf Coast communities of the New Orleans area. While the extent of the devastation perpetrated upon the survivors has not previously b

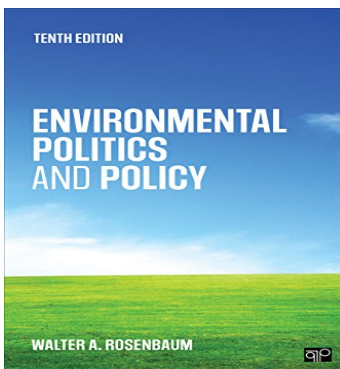

Avanti: The Complete Story

Avanti is Italian for “forward” or ‘advance,” and the car lived up to its name. This book tells the amazing story from the Avanti inception in South Bend, Indiana, to its current status in Cancun, Mexico. Many original source documents, factory photographs, corporate records

The Cross and the Switchblade

A young preacher from the Pennsylvania hills comes to New York City and influences troubled teenagers with his inspirational message.

Environmental Politics and Policy, 9th Edition

This ninth edition of Rosenbaum's comprehensive text offers definitive coverage of environmental politics and policy, lively case material, and a balanced assessment of environmental issues.

What others say about this ebook:

Review 1:

thank you, this is a book I needed for the class I just finished. I appreciate how useful and broad this information was.

Review 2:

Arrived in perfect condition in a reasonable amount of time.

Price for the book coupled with the condition and delivery was an incredible bargain and could not be purchased anywhere else in that time frame for that price.

Well done!

bsg

Review 3:

I have read numerous self-hypnosis books. This book was, and remains my favorite. It has great outlines, and suggested scripts for you to use as is, or alter for your own purposes. They also give DETAILED directions as to how to effectively change the scripts for your own use to get great results. It can be used for insomnia, weight control, pain management, or just general behavior modification. Many books enclose a tape of generic inductions. This book offers more, by offering less. They offer the knowledge to create your own self hypnosis tapes that will be more effective than a general purpose tape intended for everyone. Hypnosis is not one size fits all. This book will teach you the tailoring that will rival professional help. Great for those who can't afford repeated professional visits or have trust issues. You know that your tapes will follow YOUR agenda.
